1.0 INTRODUCTION

1.1 ROGIET COMMUNITY

Rogiet Community Council is situated in SE Wales in the County of Monmouthshire. The community is adjacent to the Severn Estuary, a RAMSAR site and part of the Gwent Levels. It is in close proximity to the Prince of Wales Bridge which crosses the River Severn.

The M4 cuts through the community, with junction 23A at Magor giving access directly off the M4 on to the B4245 which also cuts through the community. Access on to the Steel Works Access Road (A4810) at Magor gives access through to Newport, as does the B4245 westbound. The B4245 eastbound gives access to Caldicot and Chepstow. The GWR Swansea to London Paddington line (via Severn Tunnel) also cuts through the community.

1.2 UNITARY AUTHORITY

The Unitary Authority for this community is Monmouthshire County Council (Mon CC), and there is one County Ward Councillor. The Ward Councillor is salaried. The County Council Area Committee for the community of Rogiet is the Severnside Area Committee. The Ward Councillor sits on the Committee, and the Community Council is also represented.

1.3 COMMUNITY COUNCIL

The Community Council is made up of one ward with a total of seven elected (or Co-opted) Community Councillors. All Community Councillors are volunteers, and the position is an unpaid one (with the exception of a small annual allowance for telephone and stationery) .

The Community Council is solely funded through Council Tax (Precept), and unlike the Unitary Authority receives no Government Grant. A small amount of income is collected from hire charges and small grants are occasionally awarded for projects.

The Community Council employs a Clerk to the Council, a cleaner and litter picker. The Clerk works from home.

The Community Council owns/leases and manages:

- The Pavilion

- Children’s play equipment
- Playing Field
- Sports Pitches
- MUGA
- War Memorial
- Car Park

The Community Council is also responsible for several benches, litter bins, 9 dog waste bins and 3 notice boards.
