

We need your help -

in the following roles:

Community Councillor

Rogiet Community Council currently has a vacancy for a Community Councillor. Are you passionate about our local area? Would you like to play a role in shaping decisions and supporting initiatives that benefit Rogiet?

To apply, please complete the form on the News page of our web site.

Working Group Members

We have two Working Groups of councillors and the clerk that we wish to expand and strengthen by inviting members of the public to join us as volunteers to help us in our work.

Hub Working Group: to develop the feasibility, design, planning approval, build and operation of the refurbishment of the community building named Rogiet Hub (also known as the Pavilion).

Five-Year Plan Working Group: to develop and recommend a Five-Year Plan for the communities of Rogiet, Llanfihangel and Common-y-coed.

The Working Groups are given direction from and report back their recommendations to the full council.

Business Case Writer

We have a specific and fairly urgent need to find someone with professional experience in writing Business Cases, ideally in the public or community sectors. We need these skills to be able to produce the Business Case for our Rogiet Hub refurbishment project.

Ideally we would like someone suitable to join our Hub Working Group, see above, as a volunteer, but we are also open to the idea of paying someone on a part-time, fixed-term contract basis.

We aim to have our Business Case completed in Spring/Summer 2026, to then take forward into funding applications for the Hub.

For further information on - or to apply for - any of the above opportunities please contact our Clerk.
